

STATEMENT OF SUBSTANCE OF INTERVIEW

Applicant wishes to thank the examiner for conducting a telephone interview with applicant's attorney, Christopher W. Lattin, on November 13, 2007.

During the interview, applicant's attorney discussed the rejections under §§ 101, 102, and 103. The applicant's attorney and the examiner differentiated the claims from the Sarolahti et al. reference.

The Examiner agrees to consider the amendments included herein as further distinguishing the claims over the cited references. Applicant therefore herein amends each of the independent claims to even more clearly recite features of the claims. Accordingly, the pending claims are believed to be allowable.
